DESCRIPTION:

PARASITAL® Antiparasitic Collar for Cats is a product based on natural active ingredients. This antiparasitic collar for cats acts effectively against the eternal enemies of our pets: external parasites. Ticks, fleas and flies will no longer be a problem. It will therefore provide well-being and peace of mind to pets and owners alike. It is a product based on repellent essential oils, without insecticides and without PVC.

INDICATIONS:

The products that are part of the PARASITAL® range are suitable for eliminating the discomfort caused by insects and mites, a common problem in the daily life of pets.

With high repellent power and endurance, the PARASITAL® range will look after your pets in a natural fashion. Independent approved laboratories guarantee the extraordinary effectiveness and endurance of the active ingredients.

PARASITAL® provides the necessary degree of comfort and well-being, making the day-to-day life of the animal and its owner much easier.

PARASITAL® Antiparasitic collar for cats can be used to fend off attacks by fleas, ticks, flies and mosquitoes.

MODE OF USE:

Full protection against insects. Simply place the collar around the animal's neck to protect it for 3 months.
