S20

FOAMING ALKALINE DETERGENT

DEGREASER

FOAMING

LIVESTOCK
FACILITIES

PREVIO[®] S20 is a moderately foaming concentrated alkaline detergent with a high degreasing power for livestock farms, the food industry and the alkaline stage of livestock farming and dairy production industries.

DOSE: between 1 and 4% depending on the level of dirt. It can be applied by spraying, brushing, immersion or, where applicable, with foam application equipment at a concentration of 2-5%. After leaving it to act for several minutes, rinse the surface with water or a damp cloth.

— USE IN LIVESTOCK FACILITIES AND THE FOOD INDUSTRY —

The efficacy you need.

DESCRIPTION:

Due to its high degreasing power, PREVIO® S20 is a foaming alkaline detergent that is specifically designed for the routine cleaning of all types of livestock and industrial facilities and for use in the food industry, as well as for the cleaning of livestock, industrial and waste transportation vehicles.

USE:

PREVIO® S20 eliminates residual organic matter, grease and all types of dirt thanks to its tried and tested formula, which combines non-ionic surfactants and alkaline agents.

MODE OF USE:

PREVIO® S20 is a foaming alkaline detergent that is used diluted in water to concentrations that range from 1% (1 part in 100 of water) to 4% (1 part in 25 of water), depending on the level of dirt. In particularly greasy areas, the concentration can be increased or, occasionally, the product can be applied in its pure form, if necessary.

The product is applied by spraying, brushing, washing or immersion. It can also be used with foam lances at a concentration of 2-5%. After leaving it to act for several minutes, rinse the surface with water or a damp cloth.
